VUZIX SHIELD™

VUZIX BLADE 2™

VUZIX M400™

VUZIX M400C™

VUZIX M4000™

Vuzix enables smart workforces with products and solutions that transform the way work gets done.

With a proven track record spanning 25 years, our augmented reality smart glasses, OEM optics components, and integrated business solutions drive operational efficiencies while reducing client costs and downtime.

We know user comfort is a major driver to workforce adoption of smart glasses. That's why Vuzix designs every product for minimal weight and maximum performance.

The Perfect Balance of Performance and Comfort

Vuzix delivers the right mix of products, solutions and dedicated support for your business.

Lightweight and durable, our smart glasses are the most comfortable on the market. Users rely on Vuzix products for hours on end to provide them with real-time decision-making support and references directly in their field of view.

Vuzix smart glasses connect field workers, surgeons, logistics pros and technicians to critical data systems, work instructions, and live remote expert guidance — all heads up and hands-free to get the job done.
